AUGUST

- 7 Mother's Nature***
- 8 Mother's Nature***

* **Mother's Nature** - Mother's Nature brings nature awareness to young children through a combination of costumes, storytelling and "hands on" encounters. Each program becomes an enriching and educational experience around nature and the earth. *For ages 3+.*

** **School House Symphony** - The School House Symphony program introduces young children to musical instruments and provides basic concepts of how music works. Through games and movement, children learn how to distinguish high sounds from low sounds, develop a feel for beat & rhythm, and listen for specific details in music. Each year's schedule also includes a storytelling program during which the children experience the powerful marriage of story with music.

*** **Sunrock Farms** - Sunrock Farms is an educational farm that also provides a hands-on experience at our school, emphasizing the love for all animals and the human connection to our natural world. Children have the opportunity to see and touch specific farm animals as well as learn about their diets and behaviors.
